

English Rose Day School Bridging Weeks & Summer 2021 Registration

Dear Parents,

Please find below our schedule for Camp at English Rose for 2021. We are looking forward this year to a new camp adventure. You can sign up for as little as a week or as much as the whole summer. You can also pick your days from 1-5 – whatever works for your schedule. The children will have a base classroom, and will be able to complete all of their activities in their designated room as described below. Once a child is assigned to a group and a room, this group will remain static for the summer. We will be having the water slide from Week 2 through the end of Summer Camp. Children will be using the slide one group at a time. Please be advised that our current protocol for children/families/staff travelling outside of NJ, CT and PA for more than 24 hours is as follows: any child attending English Rose needs to remain out of program for 10-days following the return date. On the 10th day the child and any family members in the same household, who travelled with the child need to obtain a negative PCR test in order for the child to return to our program. As you are aware the COVID numbers in Orange County and in the State of NY are at a crisis high right now. It is imperative that families remain vigilant and transparent in sharing their plans with us, in order to protect the whole of our school community. These are challenging times, and we want to provide a fun, safe summer for all of the children, but need your cooperation to do so as safely as possible. Therefore, when planning your camp weeks, please be mindful if you are going on vacation or travelling, which weeks you would need to register for and which weeks your child would need to remain out of program. If you have travel plans, or when you make travel plans, please contact our office to advise us of dates and destination, so that we can advise you of a safe return to school plan.

Our group games and activities will remain for campers to enjoy all sorts of fun games and activities both inside and out, within their specific groups. We will be undertaking many fun crafts and activities as they relate to our weekly themes. We will also be offering cooking, science and music. At the end of our summer program, we usually hold a “family night”, for our penny carnival. Due to following social distancing guidelines and static groups, we will operate this during the daytime for the children only, allowing one group to attend the carnival at a time, the same way as we did last summer. We hope maybe by next summer we will be able to offer our “end of camp musical celebration.” We will have in-house visitors most weeks, such as Mad Science, Macaroni the Clown, Yoga for all, Pat’s Pals, Museum of the Hudson Highlands and more. Details will follow as we get closer to the summer, as I am able to ascertain their availability. Again, these would be conducted outside, with children staying within their home classroom group.

We will also have the opportunity for campers to purchase a special lunch each Friday of camp, more information to follow closer to the time.

Please note for the first time, we will be closing for the week of July 5th-9th. This will allow for the staff to take a summer break, following all of the challenges that we have been faced with over the past 13 months, and still continue to work with every day.
